O R D E R

In G.O.No.78 Finance dated 6-2-47, the scale of pay of Health Inspectors in the Madras Public Health Subordinate Service was revised from Rs.55-5/2-110 to Rs.60-3-120. The pre-1933 scale of pay i.e. the scale previous to that of Rs. 55-5/2-110 was Rs. 60-3-90 (E.B) -3-120 and there were some Health Inspectors drawing pay in this scale. These Health Inspectors were allowed to continue in this scale even after the general revision of 1947 under Rule 5 of the rules issued with G.O.No. 78, Finance, dated 6-2-47. Under this rule, these Health Inspectors were also allowed to continue to draw the temporary additional pay of Rs. 4 per mensem but on the condition that the temporary additional pay was to be absorbed in future increments. The effect of this condition was that while those Health Inspectors who were on the maximum could continue to draw the temporary additional pay, there being no future increments, those who were drawing less than the maximum stood to lose this temporary pay after a certain stage. The result is that on a strict application of Rule 5, several Health Inspectors have now to refund a portion of the temporary additional pay which they have already drawn.

P.T.O.

2. The Director of Public Health has now refixed the pay of all the Health Inspectors in the 1947 revised scale of Rs. 60-3-120. He however recommends that the excess pay over-drawn by the Health Inspectors in the pre-1933 scale of pay which ammouts to about Rs. 1,450 may be waived. The Government accept his recommendation and waive the recovery of this amount.
